SHARK FIN MARINE

# CARE GUIDE

SHARK FIN MARINE

## HOW TO CLEAN SHARK FIN MARINE DECKING

1. To clean dirt, footprints, etc. from your decking, use Shark Fin Marine Cleaner and water along with a medium bristled deck brush. Spray directly on a cool surface and not in direct sunlight. Lightly move around the cleaner with a soft or hard bristle brush. Let sit for 15-30 seconds. Add a small amount of water to the surface and lightly scrub again before rinsing. Repeat if necessary. Also, safe to use on upholstery and carpet.

2. To remove suntan lotion, use the Shark Fin Marine Cleaner alone with a medium bristled deck brush. Put small amount of the Shark Fin Marine Cleaner on oil. Dip medium bristled boat brush in warm water and work around until oil is out. Rinse with water. Repeat if needed.

3. To remove rust stains, use a cap full of Grunt Cleaner. Apply on the rust stain and allow to soak for 3-5 minutes. If necessary, use latex/nitrile gloves to massage the cleaner into the brushed or embossed texture of the decking. Rinse with water. Repeat if necessary, the rust stain will eventually be removed.

With Grunt cleaner, please be careful to avoid getting this solvent on the sides of the decking, it could damage the lamination or PSA.

Please be careful with all other cleaning products. Wear vinyl or nitrile gloves and eye protection.

### DO NOT USE:

- Mineral Spirits
- Grunt Cleaner (not as a general cleaner, okay for Step 4 application only)
- Acetone (if it must be used, avoid the adhesives as best as possible)
- Bleach (if used, dilute 1:1 with water)
